The document should be duly certified by Govt. Notary and Chartered Engineer with legible stamp.</p>
2	BEC Technical	<p>I have Total bills received as INR 75,00,000/- (approx) per year, but as per your BEC condition mentioned in SL. No 5.1.1, the amount is higher. In this regard, I have work order issued from Indian Oil Corporation (IOCL) Limited but in the work order they have not mentioned any contract value but instead they have mentioned the rate of per kilometer. As my annualized turnover is near about of INR 75,00,000/- per year, for the support of this, I have ITD 26AS, which I can submit for your reference.</p>	<p>Tender Condition Prevails</p>
3	BEC Technical	<p>Under clause no 5.1.2, you have asked to submit work completion certificate with the amount the transporter have received. I would like to inform you that IOCL do not mention the total work value in the work completion certificate. However, I can support it with my Bank statement and ITD 26AS.</p>	<p>Tender Condition Prevails</p>

4	BEC Technical	Under clause no. 5.1.3, you have asked to submit EPF and ESIC registration certificate, I humbly request you for some relaxation for this requirement in order to submit the tender. If I am eligible in the rate quoted in the tender, thereby I shall obtain such registration from relevant department before signing the agreement with you. You would appreciate the fact that every month I would have to fulfil the monthly return, which will be an extra burdn to me in the case of not getting the tender. It is our cordial request, please take kind note and request you for some relaxation in such above conditions in the tender.	Tender Condition Prevails
